On the issue of a notification by the Governor-General calling upon a constituency to elect a member, it shall be the duty of the Returning Officer to give public notice of the intended election in Form No. I appended. Such notice shall be published on the notice board of the office of the Returning Officer, in such newspapers as the Returning Officer may select and in such other manner in the constituency as the Returning Officer may think fit. It shall also be published in the *Fort St. George Gazette* in the case of elections for the Madras City constituency and in the district gazette concerned including the village sheet, for general constituencies except the Madras City and the European constituencies. Where necessary he shall direct that the former be amended so as to be in accordance with the latter.

Scrutiny of Nominations.

6. On the date appointed by the Local Government for the scrutiny of nominations under sub-rule (2) of rule 11 the candidates, their election agents, one proposer and one seconder of each candidate, and one other person duly authorised in writing by each candidate, and except for the purpose of assisting the Returning Officer no other person, may attend at such time and place as the Returning Officer may appoint, and the Returning Officer shall give them all reasonable facilities for examining the nomination papers of all candidates which have been delivered within the time and in the manner prescribed in rule 11.

(ii) that a proposer or seconder is a person whose name is not registered on the electoral roll of the constituency or is subject to any disability stated in rule 7;

(iii) that there has been any failure on the part of the candidate or his proposer or seconder to comply with any of the provisions of rule 11 or rule 12.

(2) For the purposes of this regulation,—

(a) the production of any certified copy or an entry made in the electoral roll of any constituency shall be conclusive evidence of the right of any elector named in that entry to stand for election or to subscribe a nomination paper, as the case may be, unless it is proved that the candidate is disqualified under rule 5 or rule 6 or, as the case may be, that the proposer or seconder is a person whose name is not registered on the electoral roll of the constituency or is subject to any disability stated in rule 7, and

(b) where a person has subscribed whether as proposer or seconder a larger number of nomination papers than there are vacancies to be filled, those of the papers so subscribed which have been first received, up to the number of vacancies to be filled, shall be deemed to be valid.

(3) Nothing contained in clause (ii) or clause (iii) of sub-regulation (1) shall be deemed to authorise the refusal of the nomination of any candidate on the ground of any irregularity in respect of a nomination paper, if the candidate has been duly nominated by means of another nomination paper in respect of which no irregularity has been committed

8. (1) The Returning Officer shall endorse on each nomination paper his decision accepting or rejecting the same and, if the nomination paper is rejected, shall record in writing a brief statement of his reasons for such rejection.

(2) The scrutiny shall be completed on the day appointed in this behalf under clause (*b*) of sub-rule (2) of rule 11 and no adjournment of the proceedings shall be allowed.

9. On completion of the scrutiny of nominations and after the expiry of the period within which candidatures may be withdrawn under sub-rule (*b*) of rule 11, the Returning Officer shall forthwith prepare a list of persons whose nominations have not been rejected and who have not withdrawn their candidatures and cause it to be affixed in some conspicuous place in his office.

10. If the number of such persons is greater than the number of vacancies, the Returning Officer shall forthwith publish in the manner prescribed in regulation 8 a list in Form No. II of the names in alphabetical order of the candidates as given in the nomination paper.

Voting in Person.

11. Regulations 12 to 33 shall not apply to the following constituencies, viz.:—

(*a*) Madras European,
(*b*) Madras Indian Commerce,

but shall apply to all other constituencies.

12. The poll shall commence at 7 a.m. and be kept open till 5 p.m. It may be closed for an hour between these limits at the discretion of the Returning Officer.

13. The Returning Officer may, for sufficient cause and with the previous consent of the Local Government, postpone the date or extend the period fixed, for polling

14 The Returning Officer shall select for each constituency as many polling stations as he thinks necessary and shall appoint a presiding officer for each polling station and such other persons (hereinafter referred to as polling officers) to assist the presiding officer as he thinks necessary.

15. The presiding officer shall keep order at the polling station, shall see that the election is fairly conducted, shall regulate the number of electors to be admitted at one time, and shall exclude all other persons except—

(*a*) the polling officers, the candidates, and one agent of each candidate (hereinafter referred to as the polling agent) appointed in writing by the candidate and authorised in this behalf by the Returning Officer,
(*b*) the police or other public servants on duty, and
(*c*) such other persons as the presiding officer may from time to time admit for the purpose of identifying electors.

16. Subject to the provisions of regulation 29 *infra* no elector shall be admitted to vote outside the polling area under which his name appears on the electoral roll.

17. (1) The presiding officer shall close the polling station at the hour appointed for closing under regulations 12 and 13, so as to prevent the admission thereto of any elector after that hour.

(2) No ballot paper shall be issued after that hour but any elector who has received his ballot paper before that hour shall be allowed a reasonable opportunity to record his vote.

18. Each polling station shall be furnished with such number of compartments in which electors can record their votes screened from observation, as the Returning Officer thinks necessary. As far as possible, separate compartments and separate entrances and exits shall be provided for women electors.

19. The Returning Officer shall provide at each polling station materials sufficient for the purpose of enabling electors to mark the ballot papers, as many ballot boxes as may be necessary, and copies of the electoral roll or of such part thereof as contains the names of the electors entitled to vote at such station.

20. (1) Every ballot box shall be so constructed that the ballot papers can be introduced therein but cannot be withdrawn therefrom, without the box being unlocked. The presiding officer at any polling station, immediately before the commencement of the poll, shall show the ballot box empty to such persons as may be present in such station, so that they may see that it is empty, and shall then lock it up, and place his seal upon it in such manner as to prevent it being opened without breaking such seal, and shall place it in his view for the receipt of ballot papers and keep it so locked and sealed.

(2) Before the polling station is open for the recording of votes, the presiding officer shall read to such persons as may be present the provisions of section 14 of the Election Offences and Inquiries Act, 1920, and shall explain the substance thereof in the vernacular of the district.

21. (1) Every ballot paper shall be in Form III and shall have the names of the candidates as they appear in the nomination papers arranged in alphabetical order. If there are two candidates whose names are the same, they shall be distinguished by the addition of their occupation or in some other way. Ballot papers shall be printed in such language or languages as the Local Government may by an order direct.

(2) The ballot papers printed in each language shall be serially numbered, the serial number being printed on the face of the counterfoil and on the back of the ballot paper.

22. Immediately before a ballot paper is delivered to an elector, the number, name and description of the elector as stated in the electoral roll shall be called out, and the number and name of the elector shall be entered on the counterfoil. The presiding officer shall then initial the ballot paper on its back and deliver it to the elector, and a mark shall be placed on a copy of the electoral roll against the number of the elector, to denote that he has received a ballot paper, but without showing the particular ballot paper which he has received. On the counterfoil shall be entered the name of the constituency and the name or distinctive number of the polling station

23. The elector, on receiving the ballot paper, shall forthwith proceed into one of the compartments in the polling station, and there mark his paper, and fold it up so as to conceal his vote and after showing to the presiding officer his (i.e., the presiding officer's) initials thereon shall put his ballot paper so folded up into the ballot box. Every elector shall vote without undue delay and shall quit the polling station as soon as he has put his ballot paper into the ballot box.

24. (1) If the elector is unable to read the ballot paper or to mark it and applies for assistance to do so, the presiding officer shall read it for him and if so required mark the ballot paper according to the directions of the elector and give it to him to be put into the ballot box.

(2) In the case of every elector whose ballot paper is marked in this manner by the presiding officer a note shall be made on the corresponding counterfoil of Form III by the presiding officer of the reason why it was so marked.

25. (1) When a person presents himself to vote and at any time before a ballot paper is supplied to him the presiding officer or polling officer may, of his own accord, and shall if so required by a candidate or polling agent, put to such person any or all of the following questions :—

(i) Are you the person enrolled as follows (reading the whole entry from the roll) ?

(ii) Have you already voted at the present election in this constituency ?

and at a general election ?

(iii) Have you already voted at this general election for the Legislative Assembly in any other general constituency ?

and the person shall not be supplied with a ballot paper unless he answers the question or questions put to him and unless his answer to the first question is in the affirmative, the second question in the negative, and at a general election the third question also in the negative.

(2) Except as mentioned herein, every person whose name is found on the electoral roll shall be entitled to be supplied with a ballot paper.

26. If a person representing himself to be a particular elector named on the electoral roll applies for a ballot paper after another person has voted as such elector, the applicant shall, after duly answering such questions as the presiding officer may ask, be entitled to receive a ballot paper in the same manner as any other elector. Such ballot paper (hereinafter referred to as a tendered ballot paper) shall be of a colour different from the other ballot papers, and, instead of being put into the ballot box, shall be given to the presiding officer and endorsed by him with the name of the elector and his number on the electoral roll and the name or number of the electoral area to which the roll relates and shall be set aside in a separate packet and shall not be counted by the Returning Officer. The name of the elector and his number in the electoral roll and the name or distinctive number of the polling station to which the roll relates shall be entered on a list in Form IV annexed to these regulations, which shall bear the heading 'Tendered votes list'. The person tendering such ballot paper shall sign his name and address on that list or affix his thumb impression thereto.

27. If any polling agent declares and undertakes to prove that any person by applying for a ballot paper has committed the offence of personation, the presiding officer may require such person to enter in the list of challenged votes (which shall be in Form V annexed to these regulations) his name and address, or, if he is unable to write, to affix his thumb impression thereto and may further require such person to produce evidence of identification. If such person on being questioned in the manner provided in regulation 25 answers the first question in the affirmative and the other questions in the negative, he shall be allowed to vote after he has been informed of the penalty for personation. The presiding officer shall make a note of the circumstances, and of his decision on the list of challenged votes.

28. An elector who has inadvertently dealt with his ballot paper in such a manner that it cannot conveniently be used as a ballot paper may, on delivering it to the presiding officer and satisfying him of the inadvertence, obtain another ballot paper in place of the spoilt paper, and the latter shall, together with its counterfoil, be marked as cancelled.

29. A presiding officer, polling officer, or polling agent, or any public servant who is on duty at a polling station at which he is not entitled to vote shall, if he is certified by the Returning Officer of the constituency concerned to be entitled to vote at the election, be allowed to record his vote at that polling station. The name of the polling station at which he would otherwise have been entitled to vote shall be entered in the counterfoil of the ballot paper together with the other particulars to be entered therein.

30. (1) Such ballot paper shall be placed in an envelope and sealed by the presiding officer and returned with the certificate referred to in regulation 29 to the Returning Officer who has granted the same, and such Returning Officer shall cause such vote to be included among the other votes given for the candidate designated by the elector.

(2) The certificate referred to in regulation 29 shall be in the following form :—

FORM.

"Certified that_____entitled to vote at_____for_____Constituency has been employed in connexion with the election for_____constituency and is prevented from voting at the said station and that I have therefore authorised him to vote at_____

Signature of Returning Officer.

31. The presiding officer of each polling station, as soon as practicable after the close of the poll, shall, in the presence of any candidates or polling agents who may be present, make up into separate packets and seal with his own seal and the seal of such candidates or agents as may desire to affix their seal :—

(1) each ballot box in use at such station unopened but with the key (which should also be sealed in the same manner as the ballot box) attached;

(2) the unused ballot papers;
(3) the tendered ballot papers;
(4) the spoilt ballot papers;
(5) the marked copy of the electoral roll;
(6) the counterfoils of the ballot papers;
(7) the tendered votes list; and
(8) the list of challenged votes;

and shall forward such packets to the Returning Officer.

32. The packets shall be accompanied by a statement in Form VI made by the presiding officer, showing the number of ballot papers entrusted to him, and accounting for them under the heads of ballot papers in the ballot box, unused, spoilt, and tendered ballot papers, and ballot papers dealt with under regulation 28.

33. Subject to any directions given in that behalf by the Returning Officer, the packets and statements shall be forwarded by the Presiding Officer to the Commissioner of the Corporation of Madras in the Madras city and to the divisional or taluk office as the Returning Officer may direct in the mofussil. Each packet shall be numbered and shall bear a note as to its contents and the name of the polling station. Empty boxes need not be sent but should be handed over to the village headman or such other officer as the Returning Officer may direct. Where no vote has been recorded in any constituency, the presiding officer shall submit a nil report together with the statement in Form VI. The Commissioner of the Corporation of Madras or the divisional or taluk officer, as the case may be, shall forward to the Returning Officer, immediately on receipt from all the polling stations in the city, division or taluk, the packets referred to in regulation 31 together with a statement in Form VII which shall be compiled from the statement in Form VI and from the nil reports received from the presiding officers.

Postal voting.

34. Regulations 35 to 43 shall apply to the two constituencies excepted by regulation 11. No elector of those constituencies shall be allowed to vote in any other way than is provided in those regulations.

35. Not less than fifteen clear days before the date fixed for the poll, the Returning Officer shall issue through the post a declaration paper and a ballot paper to each elector to the address entered against his name in the electoral roll, unless the elector has, since the publication of the roll, changed his address and intimated the fact in writing to the Returning Officer.

36. The declaration and ballot paper shall be in Form VIII. It shall be printed in such language as the Local Government may by an order direct. The same serial number shall be entered on the face of the declaration paper and on the back of the ballot paper. To each elector shall be issued the declaration paper and the ballot paper whose serial numbers correspond to the number which the elector bears on the electoral roll.

37. Before the ballot paper is issued to an elector, the Returning Officer shall—

(a) have the name of the elector entered on the declaration paper and initial the ballot paper on its back; and

(b) place a mark against the name of the elector concerned in the electoral roll, or the copy of it, used for the purpose of the election.

38. With the ballot paper, the Returning Officer shall send a cover addressed to himself in Form IX, an envelope with the number of the ballot paper entered on its face and a letter in Form X. The Returning Officer shall have the number of the ballot paper entered at the left-hand bottom corner of the cover in Form IX.

39. Each elector, upon receipt of his ballot paper, if he desires to vote in the election, shall sign the declaration in the declaration paper and record his vote on the ballot paper by placing a mark against the name of the candidate or candidates of his choice.

40. The elector shall then enclose the ballot paper in the envelope and stick it up and enclose the envelope and the declaration paper in the cover and send the cover by registered post to the Returning Officer so as to reach him not later than the day and the latest hour fixed for the poll. The covers received after such day and hour shall be rejected:

Provided that, at his option, the elector may deposit the cover in a ballot box which shall be provided at the office of the Returning Officer on the day and during the hours fixed for the poll.

41. (1) If an elector is incapacitated from blindness or other physical cause, from voting in the manner prescribed above, it shall be competent for him to record his vote by the hand of any of the officers or other persons mentioned hereunder: and such officer or other person shall, on the declaration paper, certify the incapacity and attest the fact of his having been requested by the elector to mark the ballot paper for him, and of his having been so marked by him in the presence of the elector.

(2) The following officers or other persons are empowered to attest votes of incapacitated electors under this regulation:—

(i) District and taluk board members and municipal councillors.

(ii) Gentlemen who bear a title conferred or recognized by the Government of India.

(iii) Members of the Legislative Council of the Governor of Madras, of the Legislative Assembly and the Council of State.

(iv) Stipendiary Magistrates other than a village magistrate, Judges of the Court of Small Causes, Madras and the City Civil Court, Madras, Sub-Judges, District Munsifs and District and Sub-Registrars.

42. An elector who has not received his ballot and other connected papers sent by post or whose papers before their despatch back to the Returning Officer, have been inadvertently spoilt in such manner that they cannot be conveniently used, or who has lost his papers may, on his transmitting to the Returning Officer a declaration to that effect signed by himself, require the Returning Officer to send him new papers in place of those not received, spoilt or lost, and, if the papers have been spoilt, the spoilt papers shall be returned to the Returning Officer who shall cancel them on

receipt. In every case when new papers are issued, a mark shall be placed against the number of the elector's name in the roll to denote that new papers have been issued in place of those not received again or lost.

43. No election shall be invalidated by reason that an elector has not received his ballot paper provided that a ballot paper has been issued to him in accordance with these regulations.

Counting of Votes.

44. The Returning Officer shall, as soon as may be practicable after the close of the poll, appoint a date which shall be not later than ten days from the date of the poll, and the time and place for the counting of votes and shall give notice in writing thereof to all candidates and election agents.

45. (1) No person shall be allowed to be present at the counting of votes except the Returning Officer and such persons as he may appoint to assist him in counting the votes, and such other persons as have a right to be present under sub-rule (2) of rule 14.

(2) No person shall be appointed to assist in counting the votes, who has been employed by or on behalf of any candidate for any purpose whatsoever connected with the election.

46. On the day and at the time appointed under regulation 44 the Returning Officer shall, before he commences to count the votes, read the provisions of section 14 of the Indian Election Offences and Inquiries Act, 1920, to such persons as may be present, and shall then proceed as follows:—

(*a*) (i) If the constituency is one in which the voting is personal, the ballot box or boxes relating to each polling station or the envelopes containing votes under regulation 20 shall be opened one after another, and the Returning Officer shall take out the papers therefrom, count them or cause them to be counted, and record the number thereof in a statement. Such statement shall not be shown to any candidate or agent.

(ii) If the constituency is one in which postal voting is allowed, the covers received from or deposited by voters shall be opened one after another and the envelopes and declaration papers taken out therefrom. The Returning Officer shall then examine whether the declaration paper is the one sent out by him and whether the declaration and attestation are prima facie regular. If he is not satisfied that a declaration paper is the one sent out by him to the voter concerned or if the declaration or attestation is not in order, he shall endorse the word "rejected" on the back of the declaration paper and keep it with the connected envelope in a separate bundle. He shall file the other declaration papers and the envelopes containing the corresponding ballot papers in a separate heap. These envelopes shall then be opened, the papers enclosed therein taken out and counted, and the number thereof recorded by the Returning Officer in a statement.

(*b*) The Returning Officer shall then mix together all the ballot papers so counted and 4 tallied up and distribute them in convenient bundles to the persons appointed to assist in counting the votes.

(*c*) When the ballot papers have been so distributed, but not before, the Returning Officer shall allow the candidates and their agents, reasonable opportunity to inspect, without handling, the ballot papers, and shall on every ballot paper which is wholly or partially rejected endorse the word "rejected". If any candidate or agent present questions the correctness of the rejection, he shall also record on the ballot paper the grounds for the rejection. No candidate or agent shall be allowed to see the serial number on the back of any ballot paper.

(*d*) The Returning Officer shall, as far as practicable, proceed continuously with the counting of the votes; and shall, during any necessary intervals during which the counting has to be suspended, place the ballot papers, packets and other documents relating to the election under his own seal and the seals of such candidates, or agents as may desire to affix them, and shall cause adequate precautions to be taken for their custody.

47. (1) A ballot paper shall be rejected if—

(*a*) the number of votes recorded thereon exceeds the number of vacancies to be filled,

(*b*) no vote is recorded thereon,

(*c*) it is void for uncertainty,

(*d*) it bears any mark by which the elector can be identified, and

(*e*) in the case of a postal vote, the Returning Officer is not satisfied that the declaration paper is the one sent out by him to the elector, or if the declaration or attestation is not in order.

88. Any person served with a notice under rule 87 may, within 15 days of the receipt of such notice, forward to the Inspector a statement setting forth his objections to the registration of his premises as a factory. This order will take effect on the expiry of two months from this date, viz., 4th September 1923.

H. M. HOOD,
Acting Registrar of Co-operative Societies.

Madras, 4th September 1923.

AUDIT CERTIFICATE ON THE ACCOUNTS OF THE MADRAS POSTS AND TELEGRAPHS CO-OPERATIVE SOCIETY, LIMITED, FOR 1922-23

The accounts of the Madras Posts and Telegraphs Co-operative Society, Limited, No. 1631, for the year ending 30th June 1923 as audited by M.R.Ry. C. L. Venkatanarasayya, City Auditor, Madras, are passed. Statements of (1) Receipts and Disbursements, (2) Profit and Loss and (3) Assets and Liabilities as furnished by the Auditor are appended to this certificate.

2. The number of members rose from 2,445 to 2,495 and the paid-up share capital from Rs. 45,950-9-0 to Rs. 47,870-10-0. The society has to amend its by-laws raising the authorized share capital.

3. Borrowings from members and non-members rose in the year from Rs. 79,050 to Rs. 1,11,840. It is satisfactory to note that a large bulk of this borrowing is at 6 per cent per annum.

4. During the year 4,577 loans amounting to Rs. 3,09,704 were disbursed to members as against 3,628 loans amounting to Rs. 2,81,658 in the previous year. A sum of Rs. 2,57,479 having been repaid there was an outstanding balance of Rs. 1,84,787 covered by 1,960 loans. A special feature of the loan transactions is the large number of the so-called 'Emergency loans' of small sums less than the pay actually earned by the member up to date taken during the course of the month and repaid automatically from his next pay. This entails good deal of clerical and account work. But this is the sort of help that is most useful and profitable to members in saving them from the usurers who charge heavy rates of interest on such short period loans. It is profitable to the society as well, as full month's interest is levied even for fractions of a month. The overdues on the last day of the year amounted to Rs. 12,101 under principal and Rs. 735-9-11 under interest. Much of it is still due to the inaccurate demand lists prepared and oversight of pay disbursing officers. It is hoped that this will be better in the current year.

5. *Fidelity Bond*.—There were at the opening of the year 868 persons, on whose liability the Society had issued fidelity bonds amounting to Rs. 1,97,500. During the year 242 members were admitted to the benefit of the fund and the amount guaranteed on their behalf was Rs. 62,000 as many as 198 bonds were cancelled including a guaranteed sum of Rs. 38,950. Thus there are 983 members enjoying the advantages of this proviso and the amount guaranteed by the society on their behalf was Rs. 2,80,050 on the last day of the year. The sum to the credit of the fund at the beginning of the year was Rs. 3,249-10-4. The premia contributed by members during the year amounted to Rs. 2,542-12-11. During the year there were four cases of misappropriation, resulting in breaches of fidelity by the society and to pay to the Postal department a sum of Rs. 1,193 13 4 on their account from the balance of this fund. The fund was further reduced by a sum of Rs. 134-2-8 being the establishment charges and Rs. 8-12-0 being the refund of excess premium collected. Thus the amount at the end of the year to the credit of the fund was Rs. 4,356-11-3 working out 1.51 per cent of the liability as against 1.65 in the previous year. The business appears to be rather risky. It can't be done automatically. Great care has to be taken in dealing with the applications for the receipt of the fund.

6. The society earned during the year a net divisible profit of Rs. 8,700-1-1 as against Rs. 5,950-6-3 in the previous year. Under by-law 35 one-fourth of this amount viz., Rs. 2,425-1-3, should be carried to reserve fund. The balance of Rs. 7,275-5-1 is available for distribution as dividend, bonus, common good fund and honorarium, subject to the limitations and maxima laid down in the above by-law.

7. *Reserve Fund*.—The amount to the credit of the reserve fund according to the audit order for the year 1921-22 was Rs. 4,413 10-2. To this was added a sum of Rs. 1,254-1-3. The total amount of reserve fund at the end of the year was Rs. 5,678-11-10. Deducting Rs. 214-3-2 and Rs. 34-3-3

being the interest on reserve fund investments in the Madras Central Urban Bank, Madras, and the Christian Central Bank, Madras, respectively for the year 1922-23. The society is requested to remit the balance of Rs 2,170-11-4 to the Christian Central Bank. The total amount to the credit of the fund will be Rs 6,104-12-7.

6. The Board of Management and their enthusiastic Honorary Secretary and Honorary Treasurer are congratulated on a year's successful working of the society.

The contractor shall supply at such landing places within the limits of the factories as may be pointed out by the departmental officers sound and watertight open boats with suitable sails of not less than 12 tons and not more than 22 tons burden for the transport of salt from the factories to the depot by the Buckingham canal. He shall supply at any one time boats of an aggregate tonnage of not less than 1,200 and not more than 2,000. The department shall have the right of demanding a run of 2,000 tons daily.

2. Each boat shall be floored or lined to the satisfaction of the Inspector, Madras Depot Circle, with smooth planking of mango or other suitable wood well fixed with wooden pegs so to keep the salt loaded on the planking off the bottom of the boat and to prevent the salt being damaged by bilge water. The wooden floor shall be washed and cleaned before loading to prevent dirtying the salt. The boat shall be divided into two holds or compartments with partitions made of similar planks, leaving a space between for fixing the mast and being out water. The boat will be supplied by Government with gunny covers or tarpaulins or both to secure the salt from being tampered with and also to protect it from rain. Salt will be loaded in bulk in both the holds and will be covered with tarpaulins securely fastened with rope and lead seals. The department shall have the right to fix bolted rings to the boats if necessary to prevent tampering with salt.

3. As soon as the loading of the salt in any boat is complete, the contractor or his agent will be required to examine the coverings and the lead seals and after such examination to sign the bent notes in token of his responsibility for any deficiency discovered on delivery at the depot, though with seals intact. He shall then take, propel and navigate the boats with the least possible delay and unload them at such landing places as may be pointed out by the departmental officers. He shall not, without the permission of the departmental officers, allow any person to remain on board such boats during the voyage except the crews of the boats and such departmental servants as may be appointed to accompany them.

4. The contractor shall see that boats which are loaded at the Kattur factory by noon on any day reach the depot before 3 p.m. the next day, that the boats loaded before sunset of the other factories reach the depot before noon the next day and that boats leaving the depot before sunset on any day reach the factories at Vallur, Athipat North, Athipat South and Vayalur by daybreak the next day and Kattur factory by daybreak the third day. The contractor shall be liable to pay compensation fees to the unloading contractor at the depot and the loading contractors at the factories at the rate of Rs. 2 per boat for each such boat not so arriving. He shall, on the other hand, be entitled to a detention fee of Rs. 2 from the unloading contractor for each boat not unloaded at the depot as specified in clause 15 of the agreement and to the same fee of Rs. 2 from the loading contractors for each boat arriving in time at the factories as specified above but not loaded by noon at Kattur or by sunset at each of the other factories. These detention fees will be independent of and in addition to any fine that may be imposed (under clause 27 of the agreement) for such failure.

6. The boat shall be subject to inspection and rejection by the departmental officers and shall be provided with suitable sails and competent and adequate crews of not less than three able-bodied men and one boy for each boat and shall be navigated and maintained in repair at the cost and risk of the contractor. He shall not permit boats laden or unladen to enter or to remain within the factory limits between sunset and sunrise, nor shall he permit the unloading of boats at the depot during the same period.

7. The contractor shall pay to Government for all salt lost, damaged or destroyed, through the leakage or unseaworthiness of the boats at the rate of five annas per maund and for salt short delivered through other causes at twice the rate of duty for the time being in force together with cost price at five annas per maund. He shall also levy such sums as may be spent by the department on salvage of salt carried in boats which founder. He shall authorize the Commissioner to deduct and retain all sums payable to the department under the agreement from sums due to the contractor. But the contractor shall not be responsible for any loss or expenditure which is proved not to have been due to any negligence or default on his part or on the part of his agents or servants or to any defect in the boats supplied by him.

7. The contractor shall not have pecuniary dealings of any kind whatever with any officer of the department.

8. He shall not assign or make over the contract directly or indirectly to any person or persons, nor permit any person or persons to interfere in the management or performance thereof without the permission of the Commissioner.

9 The contractor shall obey and carry out orders, instructions and directions issued by the departmental officers from time to time relating to the speedy transport of salt and for the safe custody of all articles supplied to him.

10. The Commissioner's decision regarding the construction of the contract, in case of dispute, shall be final and shall not be subject to question or review in a court of law or otherwise.

11. The contractor shall present to the Assistant Commissioner every fortnight work bills, and payments will be made within seven days of their receipt.

12. The weight of salt ascertained on storage at the depot shall be taken to be the weight on which payment has to be made to the contractor and the weight of salt which has been lost, damaged, destroyed, stolen, short delivered or abstracted shall be decided by the Commissioner whose decision shall be final.

13. The contractor shall carry and convey from the Madras Depot to the factories and vice versa, and deliver safely, bags, tarpaulins or other articles delivered to him in connexion with the transport of salt giving or taking an acquittance in the combined trip register and transport gunny accounts for gunny bags handed over to, and returned by him respectively. He shall pay for all articles, lost, damaged, or destroyed, while thus in his care, at the rate of Rs. 45 for 100 gunnies and for other articles at such rate as may be fixed by the Commissioner.

14. In case of failure, neglect or refusal on the part of the contractor to observe, perform or fulfil all or any one or more or any part of one or more of the conditions, the Commissioner may cancel the agreement and make or enter into such other arrangement or contract as he may think fit. The contractor shall be answerable for any loss or damage so caused, but shall not be entitled to share in any savings below the rates payable to him under the agreement. The contract shall then be void and it shall be lawful for the Commissioner to sell and dispose of the deposits and recover the balance due from the contractor, his assigns, executors, representatives as administrators. The Commissioner or the Assistant Commissioner acting on his behalf may, instead of cancelling the agreement and entering into another, undertake the work at any portion thereof himself and recover the cost of such execution from the contractor or fine the contractor in any sum not exceeding Rs. 20 on each occasion. If the fine is not paid within seven days of its imposition, the Commissioner or the Assistant Commissioner may sell and dispose of the deposits to recover the fine. The Commissioner or the Assistant Commissioner may also levy a penalty not exceeding Rs. 20 for every day on which the total tonnage supplied falls short of the minimum prescribed.
